Fitting Out for Service Apartments of Shanghai Ramada

Fuji (China) Decoration & Engineering Co., Ltd. was the fitting out contractor for the project "Shanghai Ramada Service Apartment".

The project involves the fitting out 256 nos. of duplex and simplex rooms of Service Apartment and all the public areas.

With the complexity of the work, and the very tight programme, we are impressed by the positive attitude of the contractor in resolving site problems and their due effort in completing the project on time and with quality.
